

FAASTeam presents:

# **NW Mountain Virtual Aviation Safety Week - March 25 2021 - Day 3 - Session 4**

What is a type certificate Data sheet (TCDS)?  
Where is the TCDS? Where can you find it? Why  
is it so important for the aircraft owner to have  
this information? As we progress through a  
TCDS there will be a complete explanation on,  
Note 2. Note 2, will lead into the Equipment list  
for aircraft. The plus side at a minimum, a  
current equipment list will save you grief and  
many times will prevent you from wasting money.

**Directions:** This Virtual Aviation Safety Event will be hosted  
using the Goto Webinar platform.
